STOCKS, BONDS, MONEY, AND GRAIN WATER STABLES

MARKET STRONG

Profit Taking Causes Fractional Reaction at Noon.

NEW YORK, July 19 .- The stock market opened strong with liberal advances shown throughout the list. Union Pacific on the initial transaction gained a full point, and subsequently advanced ¼ further. St. Paul was ¾ higher; Reading %, and Missouri, Kansas and Texas 78. The Hill stocks continued a prominent feature, Northern Pacific rising % and Greater Northern 3/2 per cent.

all a. m.-The Hill stocks were strong all through the first hour, with St. Paul making an advance of 1½. The strength of these stocks caused sympathetic buying in many other issues and everything showed gains over last night's closing.

Noon—The market continued strong all through the forenoon, but there was enough profit taking in the early advance to cause a fractional reaction. Union Pacific, after its early advance to 145½, reacted to 144¾, and the price movements in this stock were followed by almost everything traded in. In no case did the reaction from the highest figures amount to more than ½ per cent.

FINANCIAL GOSSIP.

directors of the Amalgamated Copper Company have placed the stock of that corporation on a flat basis of 2 per cent a quarter, or at the rate of 8 per cent a year, discontinuing the old quarterly basis of 11/2 per cent and 1/2 per cent extra. The action virtually amounted to a guarantee of 8 per cent annual dividend payments. The new quarterly dividend will be paid on August 26, to shareholders of record on July 25. R

There remains something less than \$16,000,000 of the 4 per cent bonds of 1907 to be redeemed, the redemption to ling something over \$20,300,000 since July L

Demand for the 5 per cent Atchison Convertible bonds is increasing, \$2,000,-000 having been sold in the last few days, making the total to date \$11,-

A remarkably prosperous condition is shown by the Westinghouse Electric and Manufacturing Company in the first of its annual reports which that corporation has made public. This report states the company's gross earnings for the year ended March 31 as \$33,026,240, and its net manufacturing profits at \$4,175,575. Other incomes amount to \$1,256,325, making the total income \$5,433,910, while the surplus for the year involves \$2,767,954, equivalent to 11.05 per cent earned on the company's preferred, assenting and non-assenting stocks. Total surplus amounts to \$2,752,169, equivalent to 11.4 per cent earned on its capital stock.

The 20 per cent call for July 22 upon the underwriters of the balance of the Union Pacific bonds not taken by stock-holders was not unexpected. This will give the railroad somewhere in the some one entered his place of business, neighborhood of \$13,000,000 which it is instituted the management will not some time between Saturday night and some time between Saturday night and timated the management will make suf-fice for the present, so that further syn-dicate calls may be deferred until a more favorable time. Monday morning, by breaking the glass

When the earnings of the New York Central system for the quarter ended June 30 are made public, which will be in a few days, it is expected that the net earnings will show no more than a moderate increase. On the other hand, the gross earnings will break all pre-When the earnings of the New York moderate increase. On the color that the gross earnings will break all previous records.

day. A number of changes in the constitution and by-laws were also offered and adopted.

One of the important changes in this respect was the creation of two new offices, those of paymaster general and surgeon general. The office of adjutant general was also made appointive by the national commander instead of elective as heretofore. This is regarded as a victory for the Washington contingent and forecasts the election of their candidate at the meeting this afternoon.

The constitution was broadened so as to enable members of the United States Revenue Cutter Service to become associated with the Union.

One of the important resolutions and forecasts the election of their candidate at the meeting this afternoon.

WASHINGTON PRICES GAS AND TRACTION Sales of the board, including the after call, amounted to 638 shares of stock and \$10,000 in bonds. Following are the sales and quota

Trading Much Reduced and Prices Fell Away on Free Selling.

There was more Washington Gas stock for sale than there was buyers for, with the natural consequence that the price went off today on the local exchange losing a full point over yesterday's closing figures. While the bullish sentiment was just as strongly expresseed sellers in the market.

In fact, it was hinted pretty strongly get the stock was not so evident.

This was also the case with Capital Traction. An advance of eight points trades made there was a show of weakness for the first time since the upward movement began. Some manipulation of a particularly flagrant character failed to do more than bring out numcrous offers of large blocks, but without finding ready takers.

Mergenthaler gained ground on the bid, absence of sales only being shown by the lack of stock to trade in.

Forty shares of Merchants and Me-hanics' Savings Bank was taken at 13%. s against previous sales a half point

The bid on the newly listed stock of the Old Dominion and Great Falls rail-road was advanced to 60, but failed to bring out any disposition to sell.

The usual Saturday summer holiday will be observed tomorrow, no session of the Washington Stock Exchange be-ing held.

A report comes from Chihuaha, Mexico, that Coi. William C. Green is to organize another large copper company. He has recently located 49,000 acres in the mining camp of Santa Cruz, in the Magdalena district. This section is reported as promising and is easily accessible from Nogales.

Colonel Greene has already successfully launched the Green Consolidated Copper Company, the Greene Gold-Silver, Green Copper, and Green Gold companies and is enthusiastic over the mining prospects throughout Mexico.

Delegates to the Army and Navy inion convention spent another busy morning in considering resolutions of interest to the members of the body today. A number of changes in the constitution and by-laws were also offered

with regard to the higher prices of the near future as heretofore there seemed imously decided to erect the District The District Commissioners have unan a willingness to allow an apparent government stables for the Water De-weakness to appear in order to bring partment in the rear of the Byrant street pumping station, Bloomingdale. Engineer Commissioner Jay J. Mot that after a block of stock which had row, under whose supervision the Water been unearthed had been accumulated a Department comes, under date of July 1, change would come and another and made his recommendation that the stronger upward movement inaugurated. As it was the dealings fell away to standing the protest of citizens of the nuch reduced amounts and anxiety to section. The maximum stall capacity of the proposed stable will be, thirty-five

horses. He believes that the site selected meets all of the objections brought against the location of the stable as first suggested and against which there was such strong protest from the property owner of Bloomingdale. He says there is n possibility of contamination of the wate in the reservoir or filtration plant; that the stable will be so located as to be removed from view except on the sout and east, which it is proposed to cove by trees, and that in no way will the stable prove a detriment to McMilla Park, surrounding the Filtration Plant Under date of July 18 Commissione Macfarland sets his approval and this morning Commissioner West signed the papers making the approval of the Commissioner of the Commissioner making the approval of the Commissioner of the Commissioner making the approval of the Commissioner of the Com and against which there was such a at the earliest possible day, and pushed to completion rapidly as the Water Department is badly in need of stable accommodations near the filtration plant.

A rather better feeling existed on the bond call, and prices generally were ligher. In only two issues were there may dealings noted.

In compliance with orders issued one In compliance with orders issued one month ago by the Navy Department, the armored cruisers West Virginia, Maryland, Colorado, and Pennsylvania will sail shortly for the Pacific Coast from their stations in Philippine waters. They come direct by way of Honolulu, not touching at any Japanese ports.

The recall of the cruisers is the beginning of the plan to place the Pacific fleets in divisions similar to the Atlantic fleet, the armored cruisers forming one of the divisions.
